香港民意研究所

Hong Kong Public Opinion Program of Hong Kong Public Opinion Research Institute

PopPanel Research Report No. 21 cum Community Democracy Project Research Report No. 18 cum Community Health Project Research Report No. 14

Survey Date: 7 May to 12 May 2020

Release Date: 13 May 2020

Copyright of this report was generated by the Hong Kong Public Opinion Program (HKPOP) and opened to the world. HKPOP proactively promotes open data, open technology and the free flow of ideas, knowledge and information. The predecessor of HKPOP was the Public Opinion Programme at The University of Hong Kong (HKUPOP). “POP” in this publication may refer to HKPOP or HKUPOP as the case may be.

Research Background

Initiated by the Hong Kong Public Opinion Research Institute (HKPORI), the “Community Integration through Cooperation and Democracy, CICD” Project (or the “Community Democracy Project”) aims to provide a means for Hongkongers to re-integrate ourselves through mutual respect, rational deliberations, civilized discussions, personal empathy, social integration, and when needed, resolution of conflicts through democratic means. It is the rebuilding of our Hong Kong society starting from the community level following the spirit of science and democracy. For details, please visit: <https://www.pori.hk/cicd>.

The surveys of Community Democracy (CD) Project officially started on 3 January 2020, targeting members of “HKPOP Panel” established by HKPORI in July 2019, including “Hong Kong People Representative Panel” (Probability-based Panel) and “Hong Kong People Volunteer Panel” (Non-probability-based Panel). This report also represents Report No. 21 under HKPOP Panel survey series, as well as Report No. 18 under the CD Project survey series. Since CD Project aims to gauge the opinions of members in different communities, HKPORI needs to continuously recruit new panel members and map their profile with their respective constituency areas to form “HKPOP Community Panel” including “Community Representative Panel” and “Community Volunteer Panel” first, and then conduct the research.

In view of the outbreak of Novel Coronavirus (also known as “Wuhan Pneumonia”) in late January 2020, HKPOP kick-started the “Community Democracy Project: Community Health Module” or “Community Health Project” using a PopPanel survey design to study the public’s views on the epidemic and the Government’s relevant policies using small communities such as housing estates as the unit of analysis. The survey covers people’s views on their perceived chance of contracting pneumonia, appraisal on the government’s handling of the disease, impacts of the border closure, calls for strike by frontline medical staff, community outbreak, work-from-home arrangement, immigration controls, general use of face masks as well as the government’s implementation of relevant policies. This is the Report No. 14 under the Community Health Project survey series. The special feature of the Community Health Project is the lowering of respondents’ age bracket to 12 years old, in order to obtain more comprehensive samples.

HKPOP sent out emails to all panel members at the beginning of the survey, inviting them to fill in the questionnaire at the designated online platform. Members were allowed to make repeated submissions, while only the last submission of each individual member would be used for analysis.

Contact Information

Herewith the contact information of this Community Health survey:

Table 1: Detailed Contact Information

Survey method	Online survey	
Target population	HKPOP Panel samples, namely Hong Kong People Representative Panel (Probability-based Panel) and Hong Kong People Volunteer Panel (Non-probability-based Panel)	
Weighting method	The figures are rim-weighted according to 1) gender-age distribution of Hong Kong population and by District Councils population figures from Census and Statistics Department; 2) overall voting results, overall voter population and gender-age breakdown from Registration and Electoral Office; 3) rating distribution of Chief Executive from regular tracking surveys.	
Date of survey	May 7, 3pm – May 12, 3pm	
Total sample size	Probability-based Panel: 739	Non-probability-based Panel: 7,423
Response rate	Probability-based Panel: 9.4%	Non-probability-based Panel: 11.2%
Sampling error ^[1]	Sampling error of percentages at +/-4% at 95% confidence level	Sampling error of percentages at +/-1% at 95% confidence level

[1] All error figures in this release are calculated at 95% confidence level. “95% confidence level” means that if we were to repeat a certain survey 100 times with different random samples, we would expect 95 times having the population parameter within the respective error margins calculated. Because of sampling errors, when quoting percentages, journalists should refrain from reporting decimal places, whereas one decimal place can be used when quoting rating figures.

PopPanel Composition

Regarding data collection, survey data from both the Hong Kong People Representative Panel and Hong Kong People Volunteer Panel were collected in the form of online questionnaire.

Among them, the Hong Kong People Representative Panel comes from members of the “HKPOP Panel” recruited in regular random telephone surveys. HKPOP uses “HKPOP Panel” as a framework for conducting surveys for different research projects, any eligible family member in the household may be invited to participate in a specific research.

Meanwhile, members of the Hong Kong People Volunteer Panel are recruited online. Citizens only need to self-register in HKPORI website to participate in online questionnaires.

All panel data collected will be adjusted using rim-weighting, to minimize the effects of self-selection bias or participation bias. Details are documented in the Weighting Procedure section.

Response Rate

HKPOP adopts a set of contact definition in compliance with most international standards. Historically, the social research community in Hong Kong has developed its own set of contact rates, cooperation rates, response rates, and so on. HKPOP normally reports the “success rate” for online surveys.

The calculation of the success rates in this study refers to the following tables.

Table 2: Calculation of success rate of the Hong Kong People Representative Panel (by HKPOP definition)

Success rate	
=	$\frac{\text{Successful cases}}{\text{Panel size of the Hong Kong People Representative Panel}} \times 100.0\%$
=	$\frac{739}{7,852} \times 100.0\%$
=	9.4%

Table 3: Calculation of success rate of the Hong Kong People Volunteer Panel (by HKPOP definition)

Success rate	
=	$\frac{\text{Successful cases}}{\text{Panel size of the Hong Kong People Volunteer Panel}} \times 100.0\%$
=	$\frac{7,423}{66,325} \times 100.0\%$
=	11.2%

Weighting Procedure

HKPOP has continuously adopted and enhanced its weighting method over the past few decades. For this survey, HKPOP adopts a “18 by 3 by 10” weighting procedure involving three one-way variables, namely, district (18 cells), voting record (3 cells) and rating of Chief Executive (13 cells). Basically, the raw data of practically all random telephone surveys conducted by HKPOP are rim-weighted by the figures obtained from the Hong Kong Census and Statistics Department and/or Registration and Electoral Office so that the marginal distribution of the sample in terms of district and voting record would match with that of the general population. The marginal distribution of the sample in terms of “rating of Chief Executive” would match that of the general population in HKPOP’s regular tracking surveys. This rim-weighting method (sometimes called raking) is found to be the most practicable method in processing HKPOP’s survey data.

Specifically, the districts used for weighting are as follows:

- Central and Western
- Wan Chai
- Eastern
- Southern
- Yau Tsim Mong
- Sham Shui Po
- Kowloon City
- Wong Tai Sin
- Kwun Tong
- Tsuen Wan
- Tuen Mun
- Yuen Long
- North
- Tai Po
- Sai Kung
- Sha Tin
- Kwai Tsing
- Islands

The voting records used for weighting are as follows:

- Candidates of pro-democracy camp
- Candidates of non-pro-democracy camp
- Did not vote / blank/void vote

The “rating of Chief Executive” groupings used for weighting are as follows:

- 0 mark
- 1-9 mark(s)
- 10-19 marks
- 20-29 marks
- 30-39 marks
- 40-49 marks
- 50 marks
- 51-60 marks
- 61-70 marks
- 71-80 marks
- 81-90 marks
- 91-99 marks
- 100 marks

Quantitative Analysis Results

Results of the quantitative analyses of this Community Health survey are as follows:

Table 4: Q1 Survey results, by panel type; Survey period: 7–12/5/2020

Opinion Question*	Hong Kong People Representative Panel (Base=738)			Hong Kong People Volunteer Panel (Base=7,388)		
	Don't know / hard to say	Try to predict	Average	Don't know / hard to say	Try to predict	Average
Q1 What do you think is your chance of being infected with novel coronavirus pneumonia , also known as Wuhan pneumonia, in the coming one month?	31%	69%	17%	18%	82%	15%

* Answer options included: 0-10 rating scale, others and don't know / hard to say

Table 5: Q2 Survey results, by panel type; Survey period: 7–12/5/2020

Opinion Question*	Hong Kong People Representative Panel (Base=739)				Hong Kong People Volunteer Panel (Base=7,420)			
	Satisfied	Half-half	Dissatisfied	Mean	Satisfied	Half-half	Dissatisfied	Mean
Q2 How satisfied or dissatisfied are you with the government's performance in handling novel coronavirus pneumonia ?	41%	9%	50%	2.6	32%	9%	59%	2.4

* Answer options included: very much satisfied, somewhat satisfied, half-half, somewhat dissatisfied, very much dissatisfied and don't know / hard to say

Table 6: Q3 Survey results, by panel type; Survey period: 7–12/5/2020

Opinion Question*	Hong Kong People Representative Panel (Base=736)				Hong Kong People Volunteer Panel (Base=7,375)			
	Support	Half-half	Oppose	Mean	Support	Half-half	Oppose	Mean
Q3 The government recently announced that certain business travelers entering Hong Kong are exempted from compulsory quarantine , meaning that they do not need to be isolated for 14 days, but will be subject to medical surveillance under the Department of Health during their stay in Hong Kong. They will be required to wear masks and check temperature daily for reporting to the Department, but no viral test is required. How much do you support or oppose these measures?	22%	30%	48%	2.5	19%	23%	57%	2.3

* Answer options included: very much support, somewhat support, half-half, somewhat oppose, very much oppose and don't know / hard to say

Appendix 5: Survey questionnaire (7-12/5/2020)**HKPORI Pandemic Survey**

Hong Kong Public Opinion Research Institute is politically neutral, we welcome different opinions. All personal data will be kept strictly confidential. You can fill in the questionnaire again at any time to express your latest views, and your last submission will be collated. For enquiries, please email us at panel@pori.hk .

***Required**

(Registered member) Panel ID: *

(Please do not alter the pre-filled ID)

(Registered member) Invitation token: *

(Please do not alter the pre-filled token)

(New member) Please first register as a HKPOP Panel member at <https://www.pori.hk/hkpop-panel>

- Already registered as a member earlier (Please go to the survey platform by clicking on the designated hyperlink sent to you by email)
- Have just registered as a member
- Not yet registered as a member, and will register after completing the survey (Please note: Your response will be removed if you have not yet successfully registered as a member at the time of data analysis)

Eligibility Confirmation

(New member)

Email used / will be used in registration: *

Are you a Hong Kong resident aged 12 or above? *

- Yes
- No

Your District Council

If you have answered the following questions in this survey series since late January, you may choose to skip the relevant questions on this page. We will use the past data you provided in this survey series for the analysis.

Your District Council:

- Central & Western District
- Wan Chai
- Eastern District
- Southern District
- Yau Tsim Mong
- Sham Shui Po
- Kowloon City
- Wong Tai Sin
- Kwun Tong
- Tsuen Wan
- Tuen Mun
- Yuen Long
- North District
- Tai Po
- Sai Kung
- Sha Tin
- Kwai Tsing
- Islands

District Council Constituency Area (XXX District)

If you have answered the following questions in this survey series since late January, you may choose to skip the relevant questions on this page. We will use the past data you provided in this survey series for the analysis.

District Council Constituency Area:

- XX
- XX
- XX

Opinion Questions

What do you think is your chance of being infected with novel coronavirus pneumonia, also known as Wuhan pneumonia, in the coming one month?

(Please select the closest answer. If you have another answer, please fill in the last item.)

- Certainly not
- 10% chance
- 20% chance
- 30% chance
- 40% chance
- 50% chance
- 60% chance
- 70% chance
- 80% chance
- 90% chance
- 100% chance (Certainly will)
- Don't know / hard to say
- Other: _____

Opinion Questions

What do you think is the appropriate timing to completely resume normal work under the pandemic?

(Please select the closest answer; If there is no suitable answer at all, please select "don't know / hard to say".)

- Should completely resume normal work unconditionally
- Number of recovered cases exceeds newly confirmed cases each day
- Number of newly confirmed cases each day falls to a single digit
- No more newly confirmed local case
- No more newly confirmed local or imported case
- No more newly confirmed case in N consecutive days (Please input N in the next page)
- Don't know / hard to say

Opinion Questions

How many consecutive days with no more newly confirmed case do you think there should be before it is appropriate to completely resume normal work?

Opinion Questions

What do you think is the appropriate timing to completely lift the regulation prohibiting gatherings of more than a specific number of people in public places under the pandemic?

(Please select the closest answer; If there is no suitable answer at all, please select “don’t know / hard to say”.)

- Should completely lift the regulation prohibiting gatherings of more than a specific number of people in public places unconditionally
- Number of recovered cases exceeds newly confirmed cases each day
- Number of newly confirmed cases each day falls to a single digit
- No more newly confirmed local case
- No more newly confirmed local or imported case
- No more newly confirmed case in N consecutive days (Please input N in the next page)
- Don’t know / hard to say

Opinion Questions

How many consecutive days with no more newly confirmed case do you think there should be before it is appropriate to completely lift the regulation prohibiting gatherings of more than a specific number of people in public places?

Opinion Questions

The government recently announced that certain business travelers entering Hong Kong are exempted from compulsory quarantine, meaning that they do not need to be isolated for 14 days, but will be subject to medical surveillance under the Department of Health during their stay in Hong Kong. They will be required to wear masks and check temperature daily for reporting to the Department, but no viral test is required. How much do you support or oppose these measures?

- Very much support
- Somewhat support
- Half-half
- Somewhat oppose
- Very much oppose
- Don’t know / hard to say

There is a view that those business travelers who are exempted from quarantine must take COVID-19 viral tests regularly during their stay in Hong Kong. How much do you support or oppose this view?

- Very much support
- Somewhat support
- Half-half
- Somewhat oppose
- Very much oppose
- Don't know / hard to say

Opinion Questions

How many days apart do you think these specific business travelers should take the COVID-19 viral tests?

(To opt for "don't know / hard to say", please input 8888)

Opinion Questions

How satisfied or dissatisfied are you with the government's performance in handling novel coronavirus pneumonia?

- Very much satisfied
- Somewhat satisfied
- Half-half
- Somewhat dissatisfied
- Very much dissatisfied
- Don't know / hard to say

Please rate on a scale of 0 to 100 your extent of support to the Chief Executive Carrie Lam, with 0 indicating absolutely not supportive, 100 indicating absolutely supportive and 50 indicating half-half. How would you rate the Chief Executive Carrie Lam? [For weighting purposes only]

(To opt for "don't know / hard to say", please input 8888)

Other Opinions

Do you have any survey question to suggest for our surveys?

(If you do not have any suggestion, please leave this space blank.)

Please provide your suggestions on the environmental hygiene and public health of your estate or community, so that we can relay them to relevant District Councillors or authorities:

(If you do not have any suggestion, or do not want to revise your previous suggestion, please leave this space blank. Comments submitted before May 7 would not be counted in this round of survey, while for repeated submissions after May 7, only the last non-empty submission will be included in the final results.)

Do you have any needs which you want us to forward to your District Councillor or other persons you name here? (Please write down your contacts)

(The request you make here is not part of our study, we simply want to bridge people who need help with people who can help.)

Personal Information

If you have answered the following questions in this survey series since late January, you may choose to skip the relevant questions on this page. We will use the past data you provided in this survey series for the analysis.

Gender

- Male
- Female

Age

Age range

(If prefer not to provide exact age)

- 12 - 14
- 15 - 17
- 18 - 19
- 20 - 24
- 25 - 29
- 30 - 34
- 35 - 39
- 40 - 44
- 45 - 49
- 50 - 54
- 55 - 59
- 60 - 64
- 65 - 69
- 70 or above

Educational attainment

(The highest level attended, regardless of whether you have completed the course, including what you are attending)

- No formal schooling / kindergarten
- Primary
- Lower secondary (Secondary 1 to 3)
- Upper secondary (Secondary 4 to 7 / DSE / Yi Jin)
- Tertiary: non-degree course (including diploma / certificate / sub-degree course)
- Tertiary: bachelor degree course
- Tertiary: postgraduate school or above

Occupation

(Owner / self-employed / freelance / part time / civil servant are not valid answers, please answer according to the job nature or content)

- Administrator and professional
- Clerical and service worker
- Production worker
- Student
- Home-maker / housewife
- Retired person
- Unemployed / between jobs / other non-employed
- Other: _____

What is your usual spoken language?

- Cantonese
- Putonghua
- Other Chinese dialect
- English
- Other: _____

What is your ethnicity?

- Chinese
- Filipino
- Indonesian
- White
- Indian
- Nepalese
- Pakistani
- Thai
- Japanese
- Other Asian
- Other: _____

Which of the following best describes your political inclination?

- Localist
- Pro-democracy camp
- Centrist
- Pro-establishment camp
- No political inclination / politically neutral / do not belong to any camp
- Don't know / hard to say
- Other: _____

Which candidate did you vote for in the 2019 District Council Election?

- Candidate of pro-democracy camp, including localist
- Candidate of non-pro-democracy camp, including pro-establishment camp and centrist
- Don't know / hard to say
- Blank / void vote
- Did not vote (was a registered voter of the election)
- Did not vote (was not a registered voter of the election)

End of Questionnaire

Thank you for completing the survey. For enquiries, please email us at panel@pori.hk or call us at 3844 3111 during office hours.

We are working with a social enterprise to match the supply and demand of civil resources. Do you have masks to donate/ lend out for four weeks? If yes, please go to the platform of the Civil Resources Matching Program at <https://arcg.is/10WT1S> to fill in relevant information, thank you!
