香港教育中心商會副主席任偉豪建議：「自從上星期二政府宣佈5月24日後全部學生回校上課，但其餘限聚措施維持不變後，認為限聚措施太緊的人數比例進一步上升至92%，而且一星期內有兩日更達到歷史新高的94%。這個數字令人擔憂的是，上星期只有兩成人滿意政府的防疫安排，現在太緊的防疫措施有可能令市民對政府的滿意程度繼續下跌。本人希望政府能審時度勢、從善如流，在各個行業處所中的限制措施都能放寬，進一步鬆開香港經濟的緊箍咒。」

Vice Chairman of The Hong Kong Chamber of Education Centres Yam Wai Ho proposes, "Since the government announced last Tuesday that all students would return to school after May 24, while keeping the rest of the restrictions unchanged, we have found that the proportion of people who considered the restriction measures too tight has further increased to 92%, it also reached a record high of 94% in two days within one week. This number is worrying because last week only 20% were satisfied with the government's epidemic prevention arrangements. The very tight epidemic prevention measures may now cause people's satisfaction rate with the government to drop further. I hope that the government can assess the situation, and relax the restrictions in various industries, so as to further loosen the strangulating curse of Hong Kong's economy."
