民生大聯盟發言人章彤輝博士指出，「近日本港和廣州各有確診病例，令早日通關的期望再次破滅，當中政府公佈『回港易』的安排，信息混亂，也側面反映政府的危機應變能力偏低，令人不禁要問：『一個牽動成千上萬人回港的安排，為何沒有對有可能出現的危機進行適當評估？』。在高位者，如果只是滿足於做好一份工，而沒有全心投入為市民切身處地謀福利，那又如何取信於民，在民主世代帶領大家走出困境，步向光明呢？」

Dr Tung-fai Cheung, Spokesman of Alliance of Revitalizing Economy and Livelihood, observed, "Our fantasy of cross-border travel without quarantine went down again as new confirmed cases of COVID-19 appeared in GuangDong and Hong Kong over the past days. There was also confusing information released by the authority regarding the scheme of Return2hk, showing the poor risk management skills of our government. Peoples keep asking why there is no contingency plan for such an important arrangement which affects thousands of peoples returning to Hong Kong. If our authority only expects to 'get the job done' instead of trying its best to serve Hong Kong heartfully, how can our government be trusted by peoples, and how can our government lead us to be out of the woods?"
