香港教育中心商會副主席任偉豪指出：「日前有輸入個案漏入社區，反映政府的邊境防疫安排存在很大漏洞，有必要極度小心檢討有關安排以免走漏任何一個確診個案，因為我們已經不能承受再多一波疫症。從來多波爆發的疫症都是因為輸入個案引起，所以只要政府做好邊境防疫，我們就有條件放寬境內的限聚措施，鬆開香港經濟的捆綁。據悉南韓政府已開始和其他國家商量實施旅遊氣泡，研究如何容許已接種疫苗的市民出入國境。港府應加入磋商之列，把握重振本港旅遊業的機遇，以及提供市民外出旅遊喘息的機會。」

Vice Chairman of The Hong Kong Chamber of Education Centres Yam Wai Ho observed, “A few days ago there was an imported confirmed case leaked into the community, reflecting a huge loophole in the government’s cross-border epidemic prevention arrangements. These measures must be reviewed so as to reduce the chance of leaking even one confirmed case, because we just cannot afford another wave of outbreak. Because multiple waves of outbreaks are invariably caused by imported cases, as long as a government controls the border properly, we would be able to relax the restrictions on gatherings and loosen the ties on Hong Kong’s economy. The South Korean government is discussing the implementation of tourism bubbles with other countries, studying on how to allow vaccinated people move in and out of the country. The Hong Kong Government should join the negotiations and seize the opportunity to revitalize our tourism industry, and to let Hong Kong people travel around to catch some breath.”
