中科監察研究員潘麒智指出：「香港政府急於盡快落實粵港澳通關，可惜，本地卻再現初步確診個案，令通關事宜再添變數。事實上，香港疫情近期已經回落，但政府卻『企硬』維持4人限聚，反而急急安排落實粵港澳通關，實在令人百思不得其解，亦令人再次懷疑『限聚』的真正用意。我期望政府認真審視限聚令對公眾生活的影響，盡快讓香港重回昔日繁榮正軌。」

KC Poon, researcher from the CHINAT Monitor, observed, “The Hong Kong government is eager to implement the Guangdong-Hong Kong-Macau cross-border travelling, but unfortunately, a suspected local case has appeared and added uncertainty to it. In fact, the epidemic in Hong Kong has recent subsided, but the government has insisted on keeping the group gathering at four people, while hastily arranging for the implementation of the Guangdong-Hong Kong-Macau cross-border travelling. This makes people doubt the real purpose of the ‘group gathering ban’. I hope the government would carefully examine the impact of the restriction on public life and quickly bring Hong Kong back to its prosperous track.”
