民生大聯盟發言人章彤輝博士指出，「在現場觀眾寥寥可數的東京奧運開幕式下，我們體會到疫情下的新生活方式。近日香港的疫情相當平穩，偶有在海外的輸入個案也追蹤處理得很恰當。數字上看，香港和內地疫情都控制得不錯。兩地免檢通關的安排是民心所向，時至今日，『與疫共存』不算新概念，現在是時候看當局如何將科學知識轉化為政治智慧了。」

Dr Tung-fai Cheung, Spokesman of Alliance of Revitalizing Economy and Livelihood, observed, “We have a taste of the ‘new’ lifestyle when we see so few audience in the Olympic opening ceremony in Tokyo. Recently, the epidemic situation in Hong Kong is rather stable, and the few imported cases were all traced and handled properly. Judging from the numbers, both Hong Kong and mainland are controlling the pandemic well, so people are urging for ‘normal’ border crossing. It is no longer a new concept to ‘live with the virus’. It is time to see how our government can transform scientific knowledges into political wisdom.”
