獨立評論人潘麒智指出：「全球新冠肺炎病疫情爆發至今，世界各地都以封關為防疫手段，令全球經濟出現結構性危機。病毒變種情況持續，不少已接種兩劑新冠疫苗的人士，仍有染疫風險。個案清零只是幻覺，封關、限聚根本不設實際。業界對於持續封關和限聚已忍無可忍，只怕未染疫，已經餓死。有人更情願與病毒共存，亦不希望困獸鬥持續。期望政府認真考慮撤銷限聚令安排，讓香港重新出發。」

Independent commentator KC Poon observed, “Since the outbreak of the COVID-19 pandemic around the world, a structural global economic crisis has occurred due to border closure. As the virus continues to mutate, people who have received two doses of the vaccine are still at risk. Zero infection is just an illusion, while border closure and gathering restrictions are not practical at all. The industry can no longer tolerate them, for fear that they will starve to death before getting infected. Some people even prefer to live with the virus and stop the struggle. I hope the government would seriously consider lifting the group gathering ban so that Hong Kong can start afresh.”
