民生大聯盟發言人章彤輝博士指出，「雖然在實行上有些許不便，但市民均已慢慢熟習使用『安心出行』。不過政府及專家組在防疫政策方面，應提供更清晰及更具說服力的指引及條例，讓市民可『安心執行』。同時亦應多重視及欣賞市民過往的努力，而非我們距離目標還有多遠。」

Dr Tung-fai Cheung, Spokesman of Alliance of Revitalizing Economy and Livelihood, observed, “Although there may be some inconvenience in implementation, the public has gradually become familiar with the use of LeaveHomeSafe. However, the government and the experts should provide clearer and more convincing guidelines and regulations on epidemic prevention policies, so that the public can ‘feel easy’ in implementing them. At the same time, there should be a greater appreciation of the public’s past efforts, rather than concerning how far we are from our goal.”
