獨立評論人潘麒智指出：「特區政府對Omicron變種病毒帶來的第五波疫情如臨大敵，全民檢測處處皆見，6點後晚市停業，香港儼如死城，直接影響經濟活動和市民生計。本人再次建議政府研究與病毒共存方案，勿再危城自困，盡快回復市面活動，讓市民重過正常生活。」

Independent commentator KC Poon observed, “The government is facing the fifth wave of the Omicron virus epidemic as if it were a major enemy. With universal testing everywhere and the market closed after 6pm, Hong Kong is like a dead city, directly affecting economic activities and people’s livelihood. I once again suggest that the government should study the coexistence plan with the virus, so as not to trap itself in a dangerous city, and return to market activities as soon as possible, so that people can lead a normal life again.”
