## Group Gathering Prohibition Index – Commentary

獨立評論人潘麒智指出，疫情自2019年初爆發至今，香港緊隨「清零」政策，各行各業都受到不同程度影響，然而漫長的抗疫戰，用經濟、民生作抵押，嚴厲的出入境政策，更對各行各業營商帶來不可挽回的打擊。病毒為求生存，尚且懂得展示變變變生命力，香港要與國際社會接軌，同樣亦要展示零活的適應力，配合瞬息萬變的環境。香港庫存是歷代香港人點滴累積回來的成果，不計成本不惜代價的抗疫，情節如同倒錢落海，相信亦非港人所願。

**Independent commentator KC Poon observed, “Since the outbreak of the pandemic in early 2019, all industries in Hong Kong have been suffering to various degrees as a consequence of the 'zero infection' policy. However, the long battle against the pandemic, with the economy and people's livelihood as collateral, and the stringent immigration policy, has caused irreversible damage to businesses in all sectors. In order to survive, viruses know how to show their vitality. In order for Hong Kong to integrate with the international community, we must also show our flexibility and adaptability to meet the ever-changing environment. Hong Kong's treasury is the result of the accumulation of generations of Hong Kong people, to fight the pandemic at any cost is like pouring money into the sea, and I believe it is not what Hong Kong people want.”**
